OBJECTIVE

Frontend Developer with a strong background in React, Redux Toolkit, TypeScript, and UI libraries such as Material UI and TailwindCSS. Passionate about building responsive, interactive web applications with clean code and modern tools.

EXPERIENCE

Frontend Developer — Freelance / Remote
Jan 2024 – Present
- Built and maintained multiple web applications using React, Redux Toolkit, and TypeScript.
- Collaborated on UI/UX improvements using Material UI and TailwindCSS.
- Integrated REST APIs, authentication flows, and responsive design across various platforms.

PROJECTS

E-Commerce Platform

GitHub: https://github.com/Martakoush/E-Commerce
Tech Stack: React, Redux Toolkit, React Router, Material UI, TailwindCSS
Description: A full-featured e-commerce app with user roles (Admin, Member), dynamic routing, login/registration flow, product management, and responsive design. Ideal for demonstrating deep knowledge in authentication, UI design, and scalable state management.

Nike Store

GitHub: https://github.com/Martakoush/Nike-Store
Tech Stack: React, TailwindCSS, GSAP
Description: A visually attractive single-brand product store designed with smooth animations using GSAP. Focuses on frontend visuals, performance, and responsive layouts.

EShop

GitHub: https://github.com/Martakoush/EShop
Tech Stack: React, Redux Toolkit, TypeScript, Material UI
Description: A shopping cart application with product filtering, cart logic, and state management using Redux Toolkit. Strong emphasis on TypeScript type safety and component architecture.

Blog Platform with Sanity

GitHub: https://github.com/Martakoush/YC-Blog
Tech Stack: Next.js, React, TailwindCSS, Sanity CMS

Description: A modern blog platform integrated with Sanity.io for content management. Features dynamic routing, rich text rendering, category filtering, and responsive design. Admins can manage blog posts directly via Sanity Studio.

EDUCATION

Bachelor of Engineering in Telecommunication and Electronics
Tishreen University – Latakia, Syria

LANGUAGES

Arabic (Native)
English (Advanced – Fluent in reading, writing, and speaking)
